Mr Jeff Cefai
Project Manager
Essential Services Commission
35 Spring Street
Melbourne Vic 3000

Dear Jeff

Re: Multinet 2005 Annual Tariff Submission

Multinet submits its proposed tariffs for 2005 in the excel spreadsheet provided by the Commission titled *Tariff Approval Model Multinet*.

The amendment of prices complies with the tariff approval formula. In addition to the change in tariff prices Multinet has also introduced new Haulage Reference Tariff Components for the month of May for Tariff V Residential and Tariff V Non-Residential customers. The introduction of these is also in accordance with Multinet's approved Access Arrangement.

Please feel free to call me on (03) 9265 7962 if you have any further queries.

Yours sincerely

Marcel Labouchardiere
Revenue Management Manager
